# Premium 7 and Premium 7RJ SURGE PROTECTOR

- seven high-efficiency power receptacles
- overvoltage and interference protection
- highlighted power switch with safeguard against accidental switching
- DUAL system which allows laying the power cord in two directions
- automatic circuit breaker
- ergonomic shape
- reliability
- 5-year warranty
- insurance of connected equipment up to PLN 6000

# Premium 7 and Premium 7RJ SURGE PROTECTOR

## Premium 7

- seven high-efficiency power receptacles
- overvoltage and interference protection
- highlighted power switch with safeguard against accidental switching
- DUAL system which allows laying the power cord in two directions
- automatic circuit breaker
- 5-year warranty
- length of the power cord: 1.5 m, 3 m, 5 m
- insurance of connected equipment up to PLN 6000

## Premium 7RJ

- seven high-efficiency power receptacles
- overvoltage and interference protection
- highlighted power switch with safeguard against accidental switching
- DUAL system which allows laying the power cord in two directions
- automatic circuit breaker
- noise filter
- 5-year warranty
- length of the power cord: 1.5 m, 3 m
- insurance of connected equipment up to PLN 6000

TECHNICAL DATA	PREMIUM 7	PREMIUM 7 RJ
Number of power receptacles	7	
Power receptacle type	PL	
Power cord length	1.5m/3m/5m	1.5m/3m
Telephone line filter	No	Yes
Voltage rating	230V	
Frequency	50Hz	
Total nominal current	10A	
Total power-carrying capacity <sup>1)</sup>	2300W	
Current pulse protection <sup>2)</sup>	264J	264J
Fuse	1 x Automatic 10A	
Switch	highlighted unipolar	
Width	64mm	
Length	383mm	
Height	47,5mm	
Colour	black	
Warranty	5 years	
Insurance of connected equipment	up to PLN 6 000 zł	up to PLN 6 000 zł

Note! The manufacturer reserves the right to change the abovementioned parameters without notice.

1) For grid voltage of 230V

2) For current pulse of 10/1000  $\mu$ s
